

## **HOSE REEL AND LADDER - 5 COMPETITORS**

### *Volunteer Fire Brigades' Demonstration 1932*

*CONDITIONS: Five men from each brigade to run 10 yards, pick up and run with hose reel equipped with 200 feet of hose, standpipe and branch, a distance of 75 yards (to the foot of the ladder lace against the platform). Branchman to take the branch and mount the ladder and stand with both feet on platform clear of ladder; team will continue with reel to the hydrants and run out 100 feet of hose, break coupling, ship the standpipe and connect the hose. Bar will be placed close to the hydrant. The platform will be 20 feet high. The ladder will be provided and placed in position by the supervisors. Distance from hydrant to top of platform will be 80 feet. .... if branch and hose be allowed to fall from the platform, the team concerned will be disqualified. Branchman to strike disc with water. Disc will be attached to platform. Brigade making the fastest time to be the winner. ....*

*Team Prize: Oak and Silver Waiter;*

*First Prize: 5 Silver and Cut Glass Butter Dishes; Second Prize: 5 Silver Sandwich Dishes*
