RESCUE FROM A BUILDING - 2 MEN

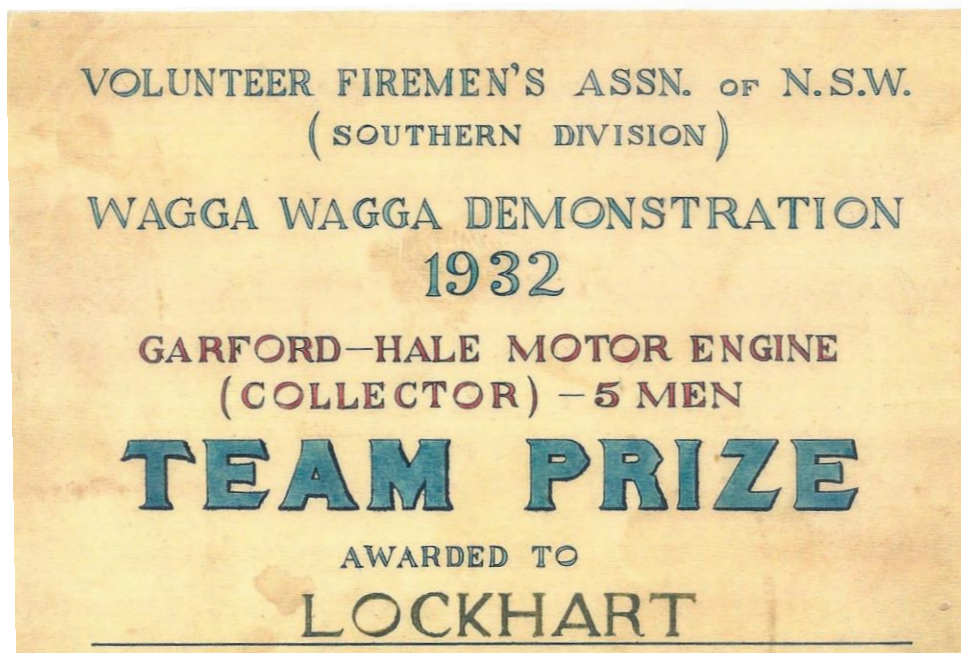

CONDITIONS: At the starting signal, i.e., mechanical flag, teams to run 5 yards, pick up 25ft. ladder and carry it 25 yards to the foot of the platform, and place it in position. One man to mount to the platform and pick up a dummy figure, carry it down the ladder and place it on an improvised stretcher which will be a scaling ladder. The stretcher will then be carried by the competitors a distance of 25 yards to a position indicated. Competitors will not be allowed to slide down the ladders, they must descend by the rungs, one, two, or three at a time. Any breach of this condition will disqualify the team. This event will be judged by points as follows: Lifting and raising the ladder, preparation of, lifting and carrying the patient down the ladder, 50 points; Placing patient on stretcher and carrying him to the finishing line, 35 points. Fastest time 15 points. maximum of 100 points.
