The Rescue Event includes a pre-operational check prior to the commencement of the event to test the competitors knowledge of equipment stored on Fire & Rescue NSW appliances throughout the State.

The event consists of knot tying (now conducted during the pre-op checks- previously conducted on the competition track 2008/2010), operation of RIK kit (Halmatro door opening tool), operation of Combi Tool (Halmatro cutting, spreading and squeezing tool) and carrying of Stokes Litter (stretcher for transport of injured persons)
