

HOSE AND HYDRANT - 1 COMPETITOR

1932 Programme

CONDITIONS: Competitors to stand on mark five yards from hydrant with standpipe, branch and one 100ft length of coiled hose, secured with strap and buckle. Gear will be placed in position by the supervisors. At a given signal each competitor will proceed to ship standpipe, connect and run out hose, attach branch and ring bell. Carrying hose by strap will not be permitted. Time will be taken at the ringing of the bell. (Event run dry for 1932 and 1937)

1934 Programme

..... At the starting signal, i.e., mechanical flag, each competitor will proceed to ship a standpipe, connect and run out a hose, attach branch and strike disc with water. Each competitor will be allowed to select an assistant who will turn on the water to suit the convenience of, and at the direction, of the competitor.
