

HOSE REEL - 5 COMPETITORS

Volunteer Fire Brigades' Demonstration Wagga Wagga 1932

CONDITIONS: Five men from each Brigade to run 10 yards, pick up and run with hose reel, equipped with 200 feet of hose, standpipe and branch, a distance of 75 yards a line 25 feet from the disc. Branchman then to take the branch. the team continue with reel and run out 100 feet of hose , break coupling, ship standpipe and connect hose. Branchman to strike disc with water. Bar will be placed close to hydrant. Hose to run out to its fullest extent. All gear will be placed on the reel prior to the commencement of the event by the supervisors, but not secured. Hose with branch attached will be coiled on the reel, from left to right of the drum, by the Supervisors, in one continuous length from end to end. Two and a half inch wet hose to be used. Each team after completion of their event shall remove all hose and gear from the track to a position indicated by the Supervisors. This event will be run in pairs wholly against time, i.e., the Brigade making the fastest time to be the winner. Time will be taken at the striking of the disc.

TROPHIES
